This brochure provides information about the qualifications and business practices of Strategic Asset Management, Inc.. If you have any questions about the contents of this brochure, please contact us at 614-451-0200 or kris.carton@taiadvisor.com. The information in this brochure has not been approved or verified by the United States Securities and Exchange Commission or by any state securities authority.

Registration with the SEC or with any state securities authority does not imply a certain level of skill or training.

Additional information about Strategic Asset Management, Inc. also is available on the SEC's website at www.adviserinfo.sec.gov. You can search this site by a unique identifying number, known as a CRD number. Our firm's CRD number is 104873.

Item 2 Material Changes

This Firm Brochure, dated **March 15, 2018**, provides you with a summary of Strategic Asset Management, Inc.'s advisory services and fees, professionals, certain business practices and policies, as well as actual or potential conflicts of interest, among other things. This Item is used to provide our clients with a summary of new and/or updated information; we will inform of the revision(s) based on the nature of the information as follows.

1. Annual Update: We are required to update certain information at least annually, within 90 days of our firm's fiscal year end (FYE) of **December 31st**. We will provide you with either a summary of the revised information with an offer to deliver the full revised Brochure within 120 days of our FYE or we will provide you with our revised Brochure that will include a summary of those changes in this Item.
2. Material Changes: Should a material change in our operations occur, depending on its nature we will promptly communicate this change to clients (and it will be summarized in this Item). "Material changes" requiring prompt notification will include changes of ownership or control; location; disciplinary proceedings; significant changes to our advisory services or advisory affiliates – any information that is critical to a client's full understanding of who we are, how to find us, and how we do business.

The following summarizes new or revised disclosures based on information previously provided in our Firm Brochure dated **March 06, 2017**:

Item 4 Advisory Business

Strategic Asset Management, Inc. is a SEC-registered investment adviser with its principal place of business located in Ohio. Strategic Asset Management, Inc. began conducting business in 1981.

Listed below are the firm's principal shareholders (i.e., those individuals and/or entities controlling 25% or more of this company).

- James Sefton Flower
- Richard Dornton Kell

Strategic Asset Management, Inc. offers the following advisory services to our clients:

INVESTMENT SUPERVISORY SERVICES ("ISS") MODEL PORTFOLIO MANAGEMENT

Our firm provides portfolio management services to clients using model asset allocation portfolios. Each model portfolio is designed to meet a particular investment goal.

	<u>Bond Mgt.</u>	<u>Bonds Plus Gr.</u>	<u>Cons. Gr. & Inc.</u>	<u>Bal. Gr. & Inc.</u>	<u>Mod. Gr. & Inc.</u>	<u>Gr. & Income</u>	<u>Aggr. Growth</u>
Bonds or Cash*	100%	80%	65%	50%	35%	20%	0%
Stocks or Equities** (Max. %)	0%	20%	35%	50%	65%	80%	100%
Total	100%	100%	100%	100%	100%	100%	100%

* The broad category of bonds or cash above include sub-categories such as short-term, intermediate-term, long-term, government, corporate, municipal, high yield, inflation protected, international, multi-sector, money markets, etc.

** The broad category of stocks above include sub-categories such as large cap, mid cap, small cap, international, emerging markets, real estate, industry sectors, precious metals, commodities, currencies, etc.

Usage of the Strategic Asset Management, Inc. proprietary risk management model seeks to reduce stock exposure during significant bear markets. Under those circumstances, any of the above allocation models can go to 100% in bonds, cash equivalents or hedging positions until positive trending equity markets resume.

We manage these advisory accounts on a discretionary basis. Account supervision is guided by the client's stated objectives (i.e., maximum capital appreciation, growth, income, or growth and income), as well as tax considerations. Please note that the above percentage allocations are guidelines during neutral to positive market conditions. In the event of a significant market decline, or elevated risk, these percentages can and will change dramatically. During bear markets, it is not uncommon for us to temporarily shift 100% of clients' assets to cash/bonds or hedge the portfolio to effect the same result.

Through personal discussions with the client in which the client's goals and objectives are

established, we determine if the model portfolio is suitable to the client's circumstances. Once we determine the suitability of the portfolio, the portfolio is managed based on the portfolio's goal, rather than on each client's individual needs. Clients, nevertheless, have the opportunity to place reasonable restrictions on the types of investments to be held in their account. Clients retain individual ownership of all securities.

Our investment recommendations are not limited to any specific product or service offered by a broker dealer or insurance company and will generally include advice regarding the following securities:

- Exchange-listed securities
- Variable annuities and/or fixed index annuities
- Mutual fund share
- Certificate of Deposits

Because some types of investments involve certain additional degrees of risk, they will only be implemented/recommended when consistent with the client's stated investment objectives, tolerance for risk, liquidity and suitability.

To ensure that our initial determination of an appropriate portfolio remains suitable and that the account continues to be managed in a manner consistent with the client's financial circumstances, we will:

1. send quarterly written reminders to each Model Portfolio Management Services client requesting any updated information regarding changes in the client's financial situation and investment objectives;
2. at least annually, contact each participating client to determine whether there have been any changes in the client's financial situation or investment objectives, and whether the client wishes to impose investment restrictions or modify existing restrictions;
3. be reasonably available to consult with the client; and
4. maintain client suitability information in each client's file.

AMOUNT OF MANAGED ASSETS

As of 12/31/2017, we were actively managing \$142,649,562 of clients' assets on a discretionary basis.

Item 5 Fees and Compensation

INVESTMENT SUPERVISORY SERVICES

MODEL PORTFOLIO MANAGEMENT FEES

Our annual fees for Model Portfolio Management Services are based upon a percentage of assets under management and generally range from 0.4% to 1.5%.

Limited Negotiability of Advisory Fees: Although Strategic Asset Management, Inc. has established the aforementioned fee percentages, we retain the discretion to negotiate alternative fees on a client-by-client basis. Client facts, circumstances and needs are considered in determining the fee schedule. These include the complexity of the client's circumstances, amount of assets to be placed under management, anticipated future additional assets, related accounts, portfolio style, account composition, reporting requirements, among other factors. The specific annual fee schedule is identified in the contract between the adviser and each client.

We may group certain related client accounts for the purposes of achieving the minimum account size requirements and determining the annualized fee.

Discounts, not generally available to our advisory clients, may be offered to family members and friends of associated persons of our firm.

On an ongoing basis, our fees are debited from the client's account in advance on a quarterly basis.

Our President is licensed a registered representative of a broker-dealer and/or licensed as insurance agent or broker. In his separate capacity, he is able to implement investment recommendations for advisory clients for separate and typical compensation (i.e., commissions or other sales-related forms of compensation). This presents a conflict of interest to the extent that this individual recommends that a client invest in a security which results in a commission being paid. Clients are not under any obligation to engage this individual when considering implementation of advisory recommendations.

Investments in variable or fixed annuities for which our President has received a commission, will not be included in calculating the advisory fee.

GENERAL INFORMATION

Termination of the Advisory Relationship: A client agreement may be canceled at any time, by either party, for any reason upon receipt of 30 days written notice. As disclosed above, certain fees are paid in advance of services provided. Upon termination of any account, any prepaid, unearned quarterly fees will not be refunded. Please note that, in fairness, we do not charge a pro-rated fee for assets added to a portfolio for a partial quarter.

Mutual Fund Fees: All fees paid to Strategic Asset Management, Inc. for investment advisory services are separate and distinct from the fees and expenses charged by mutual funds and/or ETFs to their shareholders. These fees and expenses are described

in each fund's prospectus. These fees will generally include a management fee, other fund expenses, and a possible distribution fee. If the fund also imposes sales charges, a client may pay an initial or deferred sales charge. A client could invest in a mutual fund directly, without our services. In that case, the client would not receive the services provided by our firm which are designed, among other things, to assist the client in determining which mutual fund or funds are most appropriate to each client's financial condition and objectives. Accordingly, the client should review both the fees charged by the funds and our fees to fully understand the total amount of fees to be paid by the client and to thereby evaluate the advisory services being provided.

Additional Fees and Expenses: In addition to our advisory fees, clients are also responsible for the fees and expenses charged by custodians and imposed by broker dealers, including, but not limited to, any transaction charges imposed by a broker dealer with which an independent investment manager effects transactions for the client's account(s). Please refer to the "Brokerage Practices" section (Item 12) of this Form ADV for additional information.

ERISA Accounts: Strategic Asset Management, Inc. is deemed to be a fiduciary to advisory clients that are employee benefit plans or individual retirement accounts (IRAs) pursuant to the Employee Retirement Income and Securities Act ("ERISA"), and regulations under the Internal Revenue Code of 1986 (the "Code"), respectively. As such, our firm is subject to specific duties and obligations under ERISA and the Internal Revenue Code that include among other things, restrictions concerning certain forms of compensation. To avoid engaging in prohibited transactions, Strategic Asset Management, Inc. may only charge fees for investment advice about products for which our firm and/or our related persons do not receive any commissions or 12b-1 fees, or conversely, investment advice about products for which our firm and/or our related persons receive commissions or 12b-1 fees, however, only when such fees are used to offset Strategic Asset Management, Inc.'s advisory fees.

Advisory Fees in General: Clients should note that similar advisory services may (or may not) be available from other registered (or unregistered) investment advisers for similar or lower fees.

Limited Prepayment of Fees: Under no circumstances do we require or solicit payment of fees in excess of \$1200 more than six months in advance of services rendered.

Item 6 Performance-Based Fees and Side-By-Side Management

Strategic Asset Management, Inc. does not charge performance-based fees.

Item 7 Types of Clients

Strategic Asset Management, Inc. provides advisory services to the following types of clients:

- Individuals (other than high net worth individuals)
- High net worth individuals
- Pension and profit sharing plans (other than plan participants)
- Corporations or other businesses not listed above

Item 8 Methods of Analysis, Investment Strategies and Risk of Loss

METHODS OF ANALYSIS

We use the following methods of analysis in formulating our investment advice and/or managing client assets:

Charting. In this type of technical analysis, we review charts of market and security activity in an attempt to identify when the market is moving up or down and to predict how long the trend may last and when that trend might reverse.

Fundamental Analysis. We attempt to measure the intrinsic value of a security by looking at economic and financial factors (including the overall economy, industry conditions, and the financial condition and management of the company itself) to determine if the company is under priced (indicating it may be a good time to buy) or overpriced (indicating it may be time to sell).

Fundamental analysis does not attempt to anticipate market movements. This presents a potential risk, as the price of a security can move up or down along with the overall market regardless of the economic and financial factors considered in evaluating the stock.

Asset Allocation. Rather than focusing primarily on securities selection, we attempt to identify an appropriate ratio of securities, fixed income, and cash suitable to the client's investment goals and risk tolerance.

A risk of asset allocation is that the client may not participate in sharp increases in a particular security, industry or market sector. Another risk is that the ratio of securities, fixed income, and cash will change over time due to stock and market movements and, if not corrected, will no longer be appropriate for the client's goals.

Mutual Fund and/or ETF Analysis. We look at the experience and track record of the manager of the mutual fund or ETF in an attempt to determine if that manager has demonstrated an ability to invest over a period of time and in different economic conditions. We also look at the underlying assets in a mutual fund or ETF in an attempt to determine if there is significant overlap in the underlying investments held in another fund(s) in the client's portfolio. We also monitor the funds or ETFs in an attempt to determine if they are continuing to follow their stated investment strategy.

Item 9 Disciplinary Information

We are required to disclose any legal or disciplinary events that are material to a client's or prospective client's evaluation of our advisory business or the integrity of our management.

Our firm and our management personnel have no reportable disciplinary events to disclose.

Item 10 Other Financial Industry Activities and Affiliations

Our President is separately licensed as a registered representative of Triad Advisors, LLC, an unaffiliated broker-dealer. Our President can effect securities transactions for which he will receive separate, yet customary compensation.

Clients should be aware that the receipt of compensation by our President creates a conflict of interest that may impair the objectivity when making advisory recommendations. Our President endeavors at all times to put the interest of his clients first as part of his fiduciary duty as a registered investment adviser. The following steps are taken to address this conflict:

- there is not a management fee on assets on which a commission is received from Triad Advisors, LLC. The commission received is the sole compensation on those assets;
- it is disclosed to clients the existence of all material conflicts of interest, including the potential for our firm and our employees to earn compensation from advisory clients in addition to our firm's advisory fees;
- we disclose to clients that they are not obligated to purchase recommended investment products from our employees or affiliated companies;
- we collect, maintain and document accurate, complete and relevant client background

information, including the client's financial goals, objectives and risk tolerance;

- our firm's management conducts regular reviews of each client account to verify that all recommendations made to a client are suitable to the client's needs and circumstances;
- we require that our employees seek prior approval of any outside employment activity so that we may ensure that any conflicts of interests in such activities are properly addressed;
- we periodically monitor these outside employment activities to verify that any conflicts of interest continue to be properly addressed by our firm; and
- we educate our employees regarding the responsibilities of a fiduciary, including the need for having a reasonable and independent basis for the investment advice provided to clients.

Item 11 Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

Our firm has adopted a Code of Ethics which sets forth high ethical standards of business conduct that we require of our employees, including compliance with applicable federal securities laws.

Strategic Asset Management, Inc. and our personnel owe a duty of loyalty, fairness and good faith towards our clients, and have an obligation to adhere not only to the specific provisions of the Code of Ethics but to the general principles that guide the Code.

Our Code of Ethics includes policies and procedures for the review of quarterly securities transactions reports as well as initial and annual securities holdings reports that must be submitted by the firm's access persons. Among other things, our Code of Ethics also requires the prior approval of any acquisition of securities in a limited offering (e.g., private placement) or an initial public offering. Our code also provides for oversight, enforcement and recordkeeping provisions.

Strategic Asset Management, Inc.'s Code of Ethics further includes the firm's policy prohibiting the use of material non-public information. While we do not believe that we have any particular access to non-public information, all employees are reminded that such information may not be used in a personal or professional capacity.

A copy of our Code of Ethics is available to our advisory clients and prospective clients. You may request a copy by email sent to kris.carton@taiadvisor.com, or by calling us at 614-451-0200.

Strategic Asset Management, Inc. and individuals associated with our firm are prohibited from engaging in principal transactions.

Strategic Asset Management, Inc. and individuals associated with our firm are prohibited from engaging in agency cross transactions.

Our Code of Ethics is designed to assure that the personal securities transactions, activities and interests of our employees will not interfere with (i) making decisions in the best interest of advisory clients and (ii) implementing such decisions while, at the same time, allowing employees to invest for their own accounts.

Our firm and/or individuals associated with our firm may buy or sell for their personal accounts securities identical to or different from those recommended to our clients. In addition, any related person(s) may have an interest or position in a certain security(ies) which may also be recommended to a client.

It is the expressed policy of our firm that no person employed by us may purchase or sell any security prior to a transaction(s) being implemented for an advisory account, thereby preventing such employee(s) from benefiting from transactions placed on behalf of advisory accounts.

We may aggregate our employee trades with client transactions where possible and when compliant with our duty to seek best execution for our clients. In these instances, participating clients will receive an average share price and transaction costs will be shared equally and on a pro-rata basis. In the instances where there is a partial fill of a particular batched order, we will allocate all purchases pro-rata, with each account paying the average price. Our employee accounts will be included in the pro-rata allocation.

As these situations represent actual or potential conflicts of interest to our clients, we have established the following policies and procedures for implementing our firm's Code of Ethics, to ensure our firm complies with its regulatory obligations and provides our clients and potential clients with full and fair disclosure of such conflicts of interest:

1. No principal or employee of our firm may put his or her own interest above the interest of an advisory client.
2. No principal or employee of our firm may buy or sell securities for their personal portfolio(s) where their decision is a result of information received as a result of his or her employment unless the information is also available to the investing public.
3. It is the expressed policy of our firm that no person employed by us may purchase or sell any security prior to a transaction(s) being implemented for an advisory account. This prevents such employees from benefiting from transactions placed on behalf of advisory accounts.
4. Our firm requires prior approval for any IPO or private placement investments by related persons of the firm.
5. We maintain a list of all reportable securities holdings for our firm and anyone associated with this advisory practice that has access to advisory recommendations ("access person"). These holdings are reviewed on a regular basis by our firm's Chief Compliance

Officer or his/her designee.

6. We have established procedures for the maintenance of all required books and records.
7. All clients are fully informed that related persons may receive separate commission compensation when effecting transactions during the implementation process.
8. All of our principals and employees must act in accordance with all applicable Federal and State regulations governing registered investment advisory practices.
9. We require acknowledgment of the Code of Ethics annually by each supervised person of our firm.
10. We have established policies requiring the reporting of Code of Ethics violations to our senior management.
11. Any individual who violates any of the above restrictions may be subject to termination.

As disclosed in the preceding section of this Brochure (Item 10), related persons of our firm are separately registered as securities representatives of Triad Advisors. Please refer to Item 10 for a detailed explanation of these relationships and important conflict of interest disclosures.

Item 12 Brokerage Practices

Strategic Asset Management, Inc. does not have any soft-dollar arrangements and does not receive any soft-dollar benefits.

Strategic Asset Management, Inc. requires that clients provide us with written authority to determine the broker-dealer to use and the commission costs that will be charged to our clients for these transactions.

These clients must include any limitations on this discretionary authority in this written authority statement. Clients may change/amend these limitations as required. Such amendments must be provided to us in writing.

Strategic Asset Management, Inc. will block trades where possible and when advantageous to clients. This blocking of trades permits the trading of aggregate blocks of securities composed of assets from multiple client accounts, so long as transaction costs are shared equally and on a pro-rated basis between all accounts included in any such block. Block trading may allow us to execute equity trades in a timelier, more equitable manner, at an average share price.

Strategic Asset Management, Inc.'s block trading policy and procedures are as follows:

- 1) Transactions for any client account may not be aggregated for execution if the practice is prohibited by or inconsistent with the client's advisory agreement with Strategic Asset

Management, Inc., or our firm's order allocation policy.

- 2) Strategic Asset Management, Inc. will only place a trade when the purchase or sale of the particular security involved is appropriate for the client and consistent with the client's investment objectives and with any investment guidelines or restrictions applicable to the client's account.
- 3) The portfolio manager must reasonably believe that the order aggregation will benefit, and will enable Strategic Asset Management, Inc. to seek best execution for each client participating in the aggregated order. This requires a good faith judgment at the time the order is placed for the execution. It does not mean that the determination made in advance of the transaction must always prove to have been correct in the light of a "20-20 hindsight" perspective. Best execution includes the duty to seek the best quality of execution, as well as the best net price.
- 4) Prior to entry of an aggregated order, a written order ticket must be completed which identifies each client account participating in the order and the proposed allocation of the order, upon completion, to those clients.
- 5) If the order cannot be executed in full at the same price or time, the securities actually purchased or sold by the close of each business day must be allocated pro rata among the participating client accounts in accordance with the initial order ticket or other written statement of allocation. However, adjustments to this pro rata allocation may be made to participating client accounts in accordance with the initial order ticket or other written statement of allocation. Furthermore, adjustments to this pro rata allocation may be made to avoid having odd amounts of shares held in any client account, or to avoid excessive ticket charges in smaller accounts.
- 6) Generally, each client that participates in the aggregated order must do so at the average price for all separate transactions made to fill the order, and must share in the commissions on a pro rata basis in proportion to the client's participation. Under the client's agreement with the custodian/broker, transaction costs may be based on the number of shares traded for each client.
- 7) If the order will be allocated in a manner other than that stated in the initial statement of allocation, a written explanation of the change must be provided to and approved by the Chief Compliance Officer no later than the morning following the execution of the aggregate trade.
- 8) Strategic Asset Management, Inc.'s client account records separately reflect, for each account in which the aggregated transaction occurred, the securities which are held by, and bought and sold for, that account.
- 9) Funds and securities for aggregated orders are clearly identified on Strategic Asset Management, Inc.'s records and to the broker-dealers or other intermediaries handling the transactions, by the appropriate account numbers for each participating client.
- 10) No client or account will be favored over another.

Strategic Asset Management, Inc. has discretion to determine the broker to be used and the commissions to be paid on clients transactions. As Strategic Asset Management, Inc. typically invests client's assets in open end mutual funds, ETFs and CD's, it is anticipated that all trades will be placed with the client's custodian. Strategic Asset Management, Inc. requires that clients establish brokerage accounts with the institutional division of Charles Schwab & Co., Inc. ("Schwab"), a FINRA registered broker-dealer, member SIPC, to maintain custody of clients' assets and to effect trades for their accounts. Strategic Asset Management, Inc. is independently owned and operated and not affiliated with Schwab.

Schwab provides Strategic Asset Management, Inc. with access to its institutional trading and custody services, which are typically not available to Schwab retail investors. These services generally are available to independent investment advisers on an unsolicited basis, at no charge to them so long as a total of at least \$10 million of the adviser's clients' assets are maintained in accounts at Schwab Institutional. These services are not contingent upon our firm committing to Schwab any specific amount of business (assets in custody or trading commissions). Schwab's brokerage services include the execution of securities transactions, custody, research, and access to mutual funds and other investments that are otherwise generally available only to institutional investors or would require a significantly higher minimum initial investment.

For our client accounts maintained in its custody, Schwab generally does not charge separately for custody services but is compensated by account holders through commissions and other transaction-related or asset-based fees for securities trades that are executed through Schwab or that settle into Schwab accounts.

Schwab Institutional also makes available to our firm other products and services that benefit Strategic Asset Management, Inc., but may not directly benefit our clients' accounts. Many of these products and services may be used to service all or some substantial number of our client accounts, including accounts not maintained at Schwab.

Schwab's products and services that assist us in managing and administering our clients' accounts include software and other technology that

- i. provide access to client account data (such as trade confirmations and account statements);
- ii. facilitate trade execution and allocate aggregated trade orders for multiple client accounts;
- iii. provide research, pricing and other market data;
- iv. facilitate payment of our fees from clients' accounts; and
- v. assist with back-office functions, recordkeeping and client reporting.

Schwab Institutional also offers other services intended to help us manage and further develop our business enterprise. These services may include:

- i. compliance, legal and business consulting;
- ii. publications and conferences on practice management and business succession; and
- iii. access to employee benefits providers, human capital consultants and insurance providers.

Schwab may make available, arrange and/or pay third-party vendors for the types of services rendered to Strategic Asset Management, Inc.. Schwab Institutional may discount or waive fees it would otherwise charge for some of these services or pay all or a part of the fees of a third-party providing these services to our firm. Schwab Institutional may also provide other benefits such as educational events or occasional business entertainment of our personnel. In evaluating whether to recommend or require that clients custody their assets at Schwab, we may take into account the availability of some of the foregoing products and services and other arrangements as part of the total mix of factors we consider and not solely on the nature, cost or quality of custody and brokerage services provided by Schwab, which may create a potential conflict of interest.

Item 13 Review of Accounts

INVESTMENT SUPERVISORY SERVICES MODEL PORTFOLIO MANAGEMENT SERVICE

REVIEWS: While the underlying securities within Model Portfolio Management Services accounts are continually monitored, these accounts are reviewed at least quarterly. Accounts are reviewed in the context of the investment objectives and guidelines of each model portfolio as well as any investment restrictions provided by the client. More frequent reviews may be triggered by material changes in variables such as the client's individual circumstances, or the market, political or economic environment.

These accounts are reviewed by: James S. Flower, principal and investment advisor; Richard D. Kell, principal and investment advisor.

REPORTS: In addition to the monthly statements and confirmations of transactions that clients receive from their broker-dealer, we provide quarterly reports summarizing account performance, balances and holdings. These reports will also remind the client to notify us if there have been changes in the client's financial situation or investment objectives and whether the client wishes to impose investment restrictions or modify existing restrictions. Strategic Asset Management, Inc. will provide these client accounts with reports as contracted for at the inception of the advisory relationship.

Item 14 Client Referrals and Other Compensation

CLIENT REFERRALS

Our firm may pay referral fees to independent persons or firms ("Solicitors") for introducing

clients to us. Whenever we pay a referral fee, we require the Solicitor to provide the prospective client with a copy of this document (our *Firm Brochure*) and a separate disclosure statement that includes the following information:

- the Solicitor's name and relationship with our firm;
- the fact that the Solicitor is being paid a referral fee;
- the amount of the fee; and
- whether the fee paid to us by the client will be increased above our normal fees in order to compensate the Solicitor.

As a matter of firm practice, the advisory fees paid to us by clients referred by solicitors are not increased as a result of any referral.

It is Strategic Asset Management, Inc.'s policy not to accept or allow our related persons to accept any form of compensation, including cash, sales awards or other prizes, from a non-client in conjunction with the advisory services we provide to our clients.

Item 15 Custody

We previously disclosed in the "Fees and Compensation" section (Item 5) of this Brochure that our firm directly debits advisory fees from client accounts.

As part of this billing process, the client's custodian is advised of the amount of the fee to be deducted from that client's account. On at least a quarterly basis, the custodian is required to send to the client a statement showing all transactions within the account during the reporting period.

Because the custodian does not calculate the amount of the fee to be deducted, it is important for clients to carefully review their custodial statements to verify the accuracy of the calculation, among other things. Clients should contact us directly if they believe that there may be an error in their statement.

In addition to the periodic statements that clients receive directly from their custodians, we also send account statements directly to our clients on a quarterly basis. We urge our clients to carefully compare the information provided on these statements to ensure that all account transactions, holdings and values are correct and current.

Some client's have established a standing letter of authorization (SLOA) with their custodian. The custodian does not allow our firm to make changes to the SLOA. Our firm and its employees follow current guidance and have custody only through assisting these clients with transferring assets to third parties from their qualified custodian. Our firm and its employees are not related to, or located at the same address, as any third party.

Our firm does not have actual or constructive custody of client accounts.

Item 16 Investment Discretion

Clients may hire us to provide discretionary asset management services, in which case we place trades in a client's account without contacting the client prior to each trade to obtain the client's permission.

Our discretionary authority includes the ability to do the following without contacting the client:

- Determine the security to buy or sell; and/or
- Determine the amount of the security to buy or sell
- Determine the broker dealer to be used
- Determine the commission to be paid

Clients give us discretionary authority when they sign a discretionary agreement with our firm, and may limit this authority by giving us written instructions. Clients may also change/amend such limitations by once again providing us with written instructions.

Item 17 Voting Client Securities

As a matter of firm policy, we do not vote proxies on behalf of clients. Therefore, although our firm may provide investment advisory services relative to client investment assets, clients maintain exclusive responsibility for: (1) directing the manner in which proxies solicited by issuers of securities beneficially owned by the client shall be voted, and (2) making all elections relative to any mergers, acquisitions, tender offers, bankruptcy proceedings or other type events pertaining to the client's investment assets. Clients are responsible for instructing each custodian of the assets, to forward to the client copies of all proxies and shareholder communications relating to the client's investment assets.

We do not offer any consulting assistance regarding proxy issues to clients.

Item 18 Financial Information

As an advisory firm that maintains discretionary authority for client accounts, we are also required to disclose any financial condition that is reasonable likely to impair our ability to meet our contractual obligations. Strategic Asset Management, Inc. has no additional financial circumstances to report.

Under no circumstances do we require or solicit payment of fees in excess of \$1200 per client more than six months in advance of services rendered. Therefore, we are not required to include a financial statement.

Strategic Asset Management, Inc. has not been the subject of a bankruptcy petition at any time during the past ten years.
